## *Fire-EMS Standard Operating Guideline*

<b>Section:</b>	Communications
<b>Title:</b>	Standard Operating Guidelines
<b>Date:</b>	
<b>Revised:</b>	<b>05/2013</b>

### Standard Operating Guidelines

The Communication Section of the Augusta County Emergency Services Officers Association Guide will serve as the primary guideline for Communications for Fire-Rescue agencies operating in the County of Augusta or utilizing the Augusta County public safety radio communications system.

The Standard Operating Guidelines are organizational directives that establish a standard course of actions. SOG's explain what is expected and required of Emergency Service Personnel when communicating under normal circumstances.

Emergency Service Personnel will be required to establish and maintain a working knowledge of the guidelines in the ACESOA SOG and responsible for compliance. In the event of improper action or breach of discipline, it will be presumed that the Emergency Service Provider was familiar with the rule in question.
